Dear Brother,

The creek is running already. We have a dam by Mo's place but it broke. We have a raft there too. I don't go down there because I got a cold.

The electric train wasn't running in good shape so I ask Durkey about it. He said that it might of have been cause by the transformer. I told Durkey to bring it to a electric shop and see whats wrong with it. I got a book from

Era. It is called the Spy
by J. F. Cooper. O boy it
keens. Thank you.

for the Electric Train

I didn't think you would
dress up like that. O boy
you look like a real
Hawain. You ought of
see how much wood I
got saved up for winter.
I am bringing more in
too.

One of the teacher asked
me for about two dollars
worth of Spanish Irish

I dug them up and ⁽²⁾
gave it to her and she
gave me two dollars.
I gave the two dollars
to pa who gave me
the other dollar for dig-
ging them up.

I was invited to
Masoo and all the
fun I had there. It
were raining cats and
dogs when I came
home.

The bus are very
useful on raining
days don't you think

so. Thank you for
sending them funny
paper. I am getting
pretty good in Spanish.
How are you getting along
in your studies. We are
having a paper drive
and we are a head so
far.

Yours lovingly
Kaneji D

P.S. I am expecting the
dog. If you have not
got it say yes or no.
