

Thursday -
1:00 P.M.

Dear Ken: This is the first time I've written this week -
sorry - but the kids both have awfully bad colds &
I'm worn out - they're fine during the day but at
night - what a time - Oh well, they'll get over it soon -

I think this terribly variable weather is the cause of it -
Wah has a cold too & both Yuri & I are feeling lousy
in our heads (more than usual I mean - he he!)

I got the card from Dick on Tuesday - guess you guys
had a swell time together - Yuri is feeling low
because she hasn't gotten a letter yet. Hope he
clarified some things for you about how I have been
thinking.

Your camera should be here one of these days -
I signed for it the other day after a letter from
San Francisco came.

Shiro & he went for his physical yesterday - about
30-35 went this time - & there are 2 more
strips scheduled already - Jaely, have you
gotten a card yet? Roy Kishi got a 1A
the other day but he's already 38 so he'll be

devised automat. ally, I think.

ga, Miki weighs so hard its terrible. - By the way she's 32½" high now but still weighs 23 pounds.

K III is 27¾" high & weighs 17½ (he doesn't gain very much either - too active, I think).

yuri & Wah will be leaving by about the 28th of this month - yuri would like to leave about the 27th.

but I don't think Wah will okay it - yankovs she's stalling as much as possible because of us. They're going to Philadelphia - for a while yuri was sold on Boston because she said Rodemacher hinted to her that so far as social work goes it was better than Phil. but the other day

Mrs. Hershey of the Immigration Board in

Washington D.C. visited here - & talked with her - Mrs. H. knows all agencies & people in them in both Philadelphia and New York - so then yuri decided she'd go to Philad. where Mrs. Hershey has promised to find her.

something ["It'll probably be very good" (yuni).
I spoke to Wah ^{later} & she said "Well, yuni doesn't know
where she wants to go" - so I came out with -
"Do you?" - & then she said "yes, I do but
since yuni has now decided on Philadelphia
I guess it's best for both of us to go to
the same place" - & then we started to
talk about Boston which is the place
she wants to go but for some reason
I don't want say anything to yuni about
it. Oh well.

you've probably seen Lindsey by now - god
hope you have a nice talk and if there's
anything he can do about pushing the
Form 58 through fast those he offers to.

Wah heard from the lady who came from
Japan - I asked her to write a tel you all about her

she said.

Mrs. Narumi is swell now - she's a lot more relaxed & very happy - her husband I think is a swell person. She's not said very much to him yet but he looks & acts like a good guy.

The two older Fumihawa boys (Ben & Jimmy) went for their physicals too - Oh - I'll cut the best out & send it.

Tom Saito's wife is taking over Mrs. Hudson's job temporarily - she's a registered nurse - (surgical) & apparently has a lot of experience though she never worked here - I think she's Hawaiian born 'cause she says deu & dose, den (all th's are dén) - she seems alright. -

I want to get this one so will mail it now - nothing new happening here -

Hope your okay & things are coming around.

K. H. is just wonderful in spite of his cold - I think he's spoiled.

M. H. could be worse but he ain't feeling so good. Love Sally.
