

Wednesday

Dear Ken: Your letter from Norfolk arrived yesterday —  
I hope by the time this gets to Baltimore that you'll be  
back — I think you should forget about P. Morinchi  
now — his young, single & ego-centric — there's no reason  
why you should be his guiding light — at his  
convenience

We went to the baby clinic yesterday — Kane's weight  
17 lbs. 12 oz now & is just about 27" long — (January,  
when Wal & I measure him he's 28") — Mishi hasn't  
gained any much — in fact she's still the good 23 lbs.  
but has grown  $1\frac{1}{2}$ " since sometime last year  
(August I guess it was) this is funny too because her  
face is rounder & belly bigger — something's  
wrong with that scale — Did I tell you & III  
sit up by himself now — he certainly thinks he's  
good too — everyone in a while he loses his

balance of his whole body sways around around -  
I think he worries then too but usually manages  
to straighten himself out again. He's plenty cute.  
Toschi sent one of your father's pictures back &  
also sent one of him & his family - his kids  
ain't half as cute as ours.

Wed. night

Lorry I didn't get this sent off - It's almost certain that I'm  
going to Denver - on Monday morning - to be back probably  
Thursday night - I'm hoping to go to Boulder to see  
Grace & Dick - God knows when I'll see them again -  
I'll try hard to spend very little money - the trip is  
being paid for by the W.R.A. - the only thing is I have  
to do some shopping in the way of material for a coat  
etc. I'm not sure when Waki's birthday is but it  
must be soon so I think I'll get her a pair of  
pigskin gloves.

How are things coming? I hope my last letter didn't  
do any you too much - but the more I think of it  
I feel we shouldn't try to do very much more over

you have to think in terms of avoiding the draft if possible - if you can get into defense work in your line that would be really fine but then again even if it isn't your line we'd going to have to live somehow - so one ~~is~~ can't be too picky - I don't mean to take just anything but not to be too too particular.

Roy, Mary + Sheldon left this morning - she + the kid are going to the Cincinnati hotel + Roy will go on to Dayton + try to find a house to buy. He still has his job there. They sent regards + were sorry not to have seen you.

The number of guys relocating now is quite amazing - the list in the paper is about twice as long as before.

Oh - the Ford plantation business - you know the one someone in the south has been decided against - not enough people interested.

Louie sent some more copies of your father's picture + these are really swell - nothing as burned out as the other + not quite as blown up.

Wah got a letter from Mr. Shibly & today but  
she hasn't said anything. Oh - she's decided that  
what's left of the funeral money (some \$50) is to  
go toward paying for the members.

Mrs. Kaumi talked to me for sometime today  
& she's pretty unhappy - something is happening  
to Dick & apparently he's making her life  
miserable by criticizing her for every little thing -  
she feels he's no longer the swell guy of last  
year & the year before. She overheard something  
you & he were talking about one night when  
they thought she was asleep - I really feel  
your sister is a bad influence there & so does  
Mrs. Kaumi. ~~So~~ I think as soon as Mr. Kaumi

transfers to this camp things will be different as  
apparently he's quite sure & will try to straighten  
Dick out on several issues.

I got a letter from Loko & she says she'd like to leave  
camp with us - <sup>or join us later</sup> she feels dissatisfied with their  
high school & wants something better - which is

a good thing, I think.

you has talked to me several times about plans etc -  
& man, oh, man. I realize the type of person she  
is now so will have to go from now on  
~~with~~ expecting anything cold & cutting to happen -  
God, honey - she thinks she has a

very good psychiatric background - Can  
you bear it? Its people like her who  
know just a little bit about something who  
make the grade by blissing along & talking  
fancy. She knows she can sell herself to  
any job - that's what she told me.

God what egoism - its amazing -

Erny

Well - to get down to us - There you  
get something soon - you'd have to work at  
least a month or 2 before we go out but

I am anxious to get out anyway -  
You becoming one of these shiny  
cranky women.

Will close now -

Love Sally -

Mae Uno (whatever her married name is)  
is in camp now - she strongly advised  
not going below the Mason-Dixon line -  
primarily because ~~no~~ one must think  
of their children - she says, those she  
knows of were segregated in school.

Karego is cranky again, guess another tooth  
is coming out.

Mike is fine & we are definitely leaving  
on Monday morning - I signed a paper  
this morning to that effect.
