

Tuesday.

Dear Ken:

I wrote a letter to you sometime ago and it went as far as N. Y. but it didn't reach you because I address it wrong. I think I will enclose it with this letter and make this second installment.

I heard from Wak the other day. They moved into a larger place and also they have little more privacy. maybe they have written to you too.

I also heard from Son. He is going to relocate to Seabrooke Farm in New Jersey. George has been out there and is now calling the family. So your kids will be together on the Eastern Coast which I think it will make it nice.

Sunday was Donna's 1st birthday. I took some pictures but after all I'm not a good camera shooter so I don't know how it is going to turn out.

Yesterday I took Sha down to Sally. She had her supper there too. Miki sure gotten quiet since her friends left. She is trying so hard to talk. I am hoping Sally will be able to give her plenty time to teach her.

Fanezo is walking around a lot now. He is getting tall too, but Donna is ~~small~~ short comparing to him, but

Donna is built heavier.

I also bought home half of box of candy
you send to Sally. I am enjoying them now.

It hits you are in N. Y. if you come
across so bachelor that you think Wak
will be interested why not approach her.
We are looking around here for her too.
because I know it would be best for her.

Min is working hard and I
think somewhat discouraged. The weather
hasn't been just right and etc.

Well I guess I haven't any
more thing to write about

For,

Wednesday.

Dear Kan:

I don't know when I heard from you last but it is about the time to write again about nothing. Just to say we are living.

I saw Sally today at the canteen. She seems to be quite anxious to get out, but way it seem not too mad though.

I know you are trying hard, but I hope you don't wait too long because it will Miki will be like Sha every thing has to be mammy which makes it bad.

Donna is going to be a year old. The time seem to go by so fast. Than in couple of weeks Sha will be five. I wished I could give them some kind of party, but it is impossible.

Your children are getting along okay. They seem to be in capable hands. Sometimes Sally does have a hard time.

Sure glad Nich is going to give you some money. I was kind of worry.

Havin't heard from Wak or Yuri for some time. I guess they must be quite

busy and tired at night. Has Yuri
written to you about her affair with Dick?
I did write Tak asking her about it.
I haven't heard from her so I am wondering
about it. I hope every thing is okay for Dick.

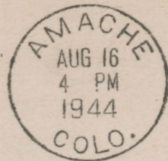

George Taniguchi has been in the camp
for sometime. He is planning to go to Dayton
where Ray is. It seems as if they are
doing okay. Making plenty too, but must
work hard too.

Min is still going strong. He must
be busy now as I haven't heard from him
for sometime. His address is P.O. Box 96 Loma Cal.

I'll I guess I haven't anything
more to write. Just a little note saying
that we are okay.

Tak.
