Paris, Ill.  
Oct. 8, 1923

Dear Kaneji:

I am an 9<sup>th</sup> class sixth  
grader boy of the Sandford  
school the oldest in town.

The largest broom  
factory in the world is  
here. If you ever use  
a Blue Jay broom from  
Merkle-Wiley broom  
factory you will know  
you are using something  
from Paris.

We have lakes too  
but they are artificial.  
They are called "Twin  
Lakes" and are on the  
street car line which  
runs on one street only.

The oldest lake is on the west side of the pavement which runs from St. Louis to Chicago. Boating, canoeing, fishing and swimming are done there. One boy drowned in the old lake last summer. About two years ago we had a steam boat on the lake but it sank.

This summer Paris and Edgar County celebrated their one hundredth birthday. We gave a large pageant and people from all over the county took part.

I hope to hear from you soon.

Your eastern friend,  
Henry Tanner.
