Dear Sixth grader:

I am a sixth grader too. There
is a lake here too but it is not
a salt lake. It is called Twin
lakes for there are two parts, one on
the east side and one on the west
side of the road, are park is south
and west of Twin Lakes, it is called
Twin Lakes Park.

Our school is the oldest school
in town, it is called Sandford school.
Paris was one hundred years old
this year. All the school in the
county had a pageant and paraded
and pledged the part of the farmer who
first founded Paris. Paris has its business
section in the form of a square with
the court house in the center.

Paris is the capital of Edgar County.
I hope you will not mind if I ask
~~you~~ questions. I wish you would tell
me about the fire that started at
Wild Cat Canyon. Will you tell me
about Wild Cat Canyon and who named
it that in your next letter? I
hope you are not sick.

Your sincerely
Clifford Grover.
