

July 19, 1944.

Dear Kari:-

Just a note to put in
with these letters - it is
quarter of eleven & I am more
than sleepy! We were so

glad to have your good
letter some time ago - & I
meant to answer it at once.

You probably have heard
that Richard is in Canada
at Georgian Bay - with
friends of ours who have
delightful summer place there.
He is handy man & errand
boy - and I might add,
the happiest one on earth.

Stephen had a chance to
have a week or 10 days in
Maine & is up there now
at a kind of a "Camp" —
more of a rough hotel, not
an organized Camp.

Our fine Mr. Tashima
is still here & he is doing
a wonderful job with our
perennials. How fortunate
we are!

I wonder about your wife
& children. I so hope they
will soon be with you.

Andrew is down at the
Meeting house mending shoes
for Overseas Relief.

Best wishes

Katherine W. Simon.
