Dear Charles: The Christmas packages arrived the day before yesterday - see thanks so much for everything - the basket is a bit big for Mike but the color is swell on her - I'd fix it - the sweater is wonderful - mama certainly knits well - I put some leather buttons on it - its real warm & fits very well - the push toy is real cute I don't know who likes it better - Largo or Ken - Mike plays a lot with the blackboard etc - I'd been thinking of getting her one. The basket is certainly well made - I put some branches from the Christmas tree in it & it looks swell.

How was Christmas in camp? - Is Dicie still with you - if she is - tell her we don't know whether she ever got back from Pennington after Thanksgiving but assume she did since the school didn't contact us - tell her to write - guess you found her pretty gross up. We got a card from Ken saying he was spending New Years with you - hope you all had a swell time together - I was glad he was going especially because of the new W.K.A. ruling - What are your plans? Are you going back right away? or what?

The point is this - How suggests all of you coming out here - not this month but in March or April - you all

could relocate to here - stay with us - the U.S.A. will
pay your fare. You might as well see the eastern
spring - as well as the high spots of New York -
& the surrounding states - if you don't come out
before you go back to California you probably never
will. We have plenty of room - & in about 4
months the stuff (extra beds etc.) will be here from
Calif. - we just got notice that it's on its way now -
March is apparently very windy & cold so it'd probably
be best to come at the end of March or beginning of
April. I know Mama & Papa will enjoy this area -
as well as their grandchildren - frankly - I don't see
them working as hard as they did before at the
nursery - since this is Nan's idea you needn't
feel you're imposing on us - in any case,
do let us know what your plans are & don't forget -
you're welcome to come here & stay as long as
you want.

Nan has had his 1A + his physical which he
passed - but he's got an essential job
so he won't be pulled into the army - he changed

jobs just recently - & is now getting more
money but still doing architectural ^{work} -
wartime housing - the firm is now doing
some houses for a place in Georgia or
N. Carolina - heck I don't know, maybe it's
Louisiana. - anyway Kuan is too old for
the army & they hate to take people with
families because they don't make good soldiers.
How about Kai - has he been reclassified by the
board yet?

Many neat round things to us for Christmas -
one package just came last night - slippers
for the kids and a bath mat or rug for us -
she's really a generous person at heart even
though she sure covers up with a hard
front. - I guess Susie has told you that.

We haven't heard from Toichir so don't
know if he's going back right away - but
Kuan thinks he probably will - good time to
make a lot of money. I guess he's in law

will go too - since they're all living together
now.

I haven't gone anywhere - not even New York City
since I came out - but am not in too much of
a rush though there are a lot of people I'd want
to see sometime soon.

Has Susie decided what she's going to do for the
winter period?

Do you have another year or half year to
finish high school?

Well - let me know how everyone is & ~~how~~ what
your plans are - we're anxious to know -

The kids are growing real fast - and do
they fight together! - they have to be with
each other & yet they're always scuffling -
mostly because Nancy is a terrible tease.
Hope everyone is well - we're okay - though

Kan was in bed for a few days — overwork —
8 hours at the office & about 8 hours at home —
too much — so we're letting a lot of the
renovating go for a while

Rinsabii, Wak, & Tohuko sent ~~me~~ the kids Christmas
presents — but as might be expected Yuri didn't
send anything. — She's going to school again —
probably making her husband, who's a real swell guy
too good for her, do everything around the place.

Well — enough of this cattyiness —

Write soon —

Love
Sally
