

July 20, 1944

Dear Sam,

Probably you have heard from Tai that I went back to Amasche for Mrs. Olai's funeral. She passed away July 4th and the funeral was held on the 14th in Amasche but later the body was sent back to California to be buried in Los Angeles.

Instead of the funeral, I had to attend my own funeral in Denver. That is, I had to take the army physical examination in Denver on the 13th & 14th. Passed - but probably will get the occupational deferment.

Dropped in to see your family two occasions. I found them all in the best of health. Sally was busy taking good care of the children. - Sam, you ought to do your part, too.

There is now in Chicago looking for employment. On my way to Cleveland I met him on a street and we went to have breakfast together.

I will be doing now since life is too busy with me. Sincerely,
YDSB

After 5 days, return to
