

Questions and Answers

What is the difference between a Thrift Stamp and a War Savings Certificate Stamp?

The 25-cent Thrift Stamps are issued to help you to save and exchange for a \$5 War Savings Certificate Stamp. The Thrift Stamps bear no interest; the War Savings Certificate Stamps earn interest.

Why do I get a \$5 War Savings Certificate Stamp for from \$4.12 to \$4.23?

The \$5 is payable January 1, 1923. It includes the return to you of your money with the compound interest that the Government will pay you. The sooner you fill up and exchange your Thrift Card for a War Savings Certificate Stamp, the more interest you will receive.

Why should I exchange my full card of Thrift Stamps for a War Savings Certificate Stamp?

Because the War Savings Certificate Stamp bears interest and the Thrift Stamps do not.

What becomes of the money I pay for a stamp?

It is a loan to the United States Government.

How can my 25 cents really help?

A loan of only 25 cents by every person in the Nation will provide the United States Government with 25 million dollars.
