Dear Jimmie,

Sab Ogashima contacted me the other day regarding your search for your brother's grave in Korea. Since I am the Special Service Officer for the NVC, I took the liberty of writing directly to Senator Jackson who probably will be the best source for assistance. I am enclosing a copy of my letter requesting his assistance. I will advise you as soon as we get any information.

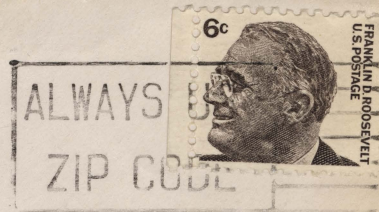

Additionally, the NVC is trying to update the Gold Star parents list so may I ask if your parents are both living? If so please

advise me of their names. If
there is any thing that we can
do in the future please let me
or the NCC Club know.

With Best Regards,
Joe Nakatsu
