Agnes - My sweetheart: -

Please forgive me for that I am sending you down to City - to work. But that is the best solution that I could make. I shall tell you more about it.

Here is good news from X-ray. My cavity is disappeared. That means arrested case. Dr. P. says I can start little exercise as much as my nerves condition is allowed.

Don't get discouraged about your job. I will take care of your room rent for months. Please don't accept John A.'s offer. Because I don't want them to get tired of you in seeing.

Mrs Cook has been very nice, as she came three times so far. Brought me Angora Woolen socks to wear when I set up. I found my latest picture you wanted. One for you and the other for Mrs Cook. She will be in New York about 30<sup>th</sup> this month.

Mrs Callander came, Tuesday. P.M.

I dislike her more and more. I am so glad you didn't accept her invitation. She came here to tell woo! woo! story  $\frac{1}{2}$  minutes and last thing said how you are, George? Agnes? in  $\frac{1}{2}$  minutes.

She said, in making it short, want to sell her house for \$50,000 because expenses are too heavy for her means just now. And wish to know how could she sell it without letting public. D... Fool.

George's marks are 86.6 Poor  
fellow doing his best to please Mrs. H.  
and Ma and Pa. He comes in to  
see me at noon - Monday, Wednesday  
and Friday. No chance ask him to  
take my dictation. So I will you  
myself.

About answering very <sup>you asked</sup> questions  
takes too long, so I wrote in Red Pen-  
cil, yes or No. Please excuse me  
for that.

I wrote nice letter to Mr. Midgett  
in, take me two days. Wednesday  
is my rest - and Birthday. I gave  
him your address - Please... so if  
he will you go up to see him.
