

Monday.

Dear Mother, Bud,

Just rec. George's
letter which I am
sending to you.

Sorry that Jiji
has no chance to
work for Sims, so
he has to his best,
unless we gave him
spot cash \$400 -
for board & room.

If we do that he
won't study. Three
weeks supposed

to be go to scoup's
office - But I don't
think he was there
2 or 3 hours for
4 days. Let him
work like last
year is the best
solution.

or Ask Mr. C
to influence on
chancellor Fox
but I may be
too much to ask.

Lot of love
