

Mar 13 - 1933  
Monday. 11. am.

My dear Sweetheart: -

I expect to write  
you another letter tomorrow  
so this will be short letter.

Why you didn't receive  
a letter from George last  
Monday, was that he played  
too much Saturday and Sun-  
day. Then Sunday night he  
had to work for Mrs. H. Therefore  
Monday he was very busy in  
school, as he telephoned  
me that "I can't come at  
noon." Beside he has no  
more waiting papers says.  
When he came on Thursday

I gave a postal card to write a line to Mamma.

He just finished his first 3-weeks test - marks are Chemistry 98, History 90, Trigonometry 87, English 82 & Drawing —?

Mar. 11<sup>th</sup> Saturday Dr. Heise invited English Physician and 12 local doctors. Mrs Heise has told <sup>you we</sup> Georg and Bill make believe, belonged to our family. All dressed for dinner.

I surprised why John A didn't write to me. I imagine he must

embarrassed  
~~surpr~~

financially.

But I am glad to hear he is well. Just received his letter and a check for \$29 — Food is O.K. Thanks

to Mrs Lewis. I am not going to weigh myself any more. Because you worry so much.

I do not go to the bath on the second floor in the next house. No. No. — When I say upstairs means in this house. There is a lovely new bath now. I go there once or twice a week.

The bath room on the first floor in the next house I use once or every day for wash hands for exercise. How is it clear? Mamei Rockrice!

Thanks for writing a nice letter to Mrs. Courter. I am sure <sup>it</sup> she will be appreciated.

I would like to have Mrs. E. Cook's address, so I can write to her.

To day I expect to see Mr. Bamford here at 2-3 P.M. I needed

an adjustment <sup>5-</sup>

I told Mrs. Lewis that I take all blames if Dr. Packard does object for it. I can't afford to pay taxi man to carry me up 2 flights. pay \$4- for that. "Please close your eyes and make believe you know nothing of it."

To say, Mr. Mrs Rogers are in Newjersey. That is another advantage.

My room mate is ~~going~~ <sup>pretending</sup> to be asleep... etc. I let you know by the next letter, the result.

Bank will not be open here until Wednesday.

My some troubles . . . . .

George brought me an Application for Admission to Syracuse University. I told George that you have to wait for two weeks at least while I have show this and talk to mother. And I have to write to Prof Reavels too.

There are ~~58~~<sup>60</sup> questions to be filled up. No. 51 and no 58 I can not answer

without consult to Mother,  
and Prof. Revels.

George will bring some  
large envelopes <sup>today</sup>, than I  
will mail <sup>to you</sup> this questionnaire.  
You just take time read  
it carefully and make  
comment on what I  
filled with pencil.

I am going to ask  
Prof Revels this:

George could have  
\$500 - only per year for  
everything. Could he get  
any scholarship to cover  
his tuition, and could he

get a job to waiting on table  
in Luis Hall? to earn his  
board? Otherwise he can  
not go to Syracuse.

Next fall price will be  
come down - expenses will  
be lower. I think George ought  
be able to manage with \$500.  
Then beside that we have to  
have \$100 for emergency. <sup>This Giji does not have to know</sup> Total  
\$600 - He can take \$250 - from  
my insurance. <sup>\$350</sup> \$400 - from  
your earning. Don't you  
think we could manage  
this way? You think it over.  
Love from Giji's  
and Swahiko.
