My dear Mother Bird: -

Please send \$300.  
to Prof Revels. and  
he has to do <sup>the</sup> best  
~~he can~~ with that.

He received new  
notice which tells  
school opens next  
Monday. So he  
is going leave here  
on Tuesday or Wed.

He spend lot of  
money instead of  
making. More we

give him more he  
 fools and spend;  
 less he has money  
 and time more he  
 could accom-  
 anish. He has too  
 much of branching  
 off in mind. Most  
 of them are pleasure.  
 He is better off if he  
 work harder.

He has eye glass  
 now - How long he  
 will hold it \$10 -  
 I have credit \$3<sup>50</sup>  
 so will pay \$6<sup>50</sup> -

If he goes ~~to~~<sup>3</sup> N. Y.  
C. next summer,  
keep him busy. Give  
him least money to  
live. Don't let him  
buy cloth or shirts  
too many. His laund-  
ry bills are always  
high. He is baby.  
I wish he is 19 or 20.

One thing I am so  
thankful that he is  
not girl.

His ~~cold~~ ~~butts~~ that  
oil and milk magne-  
sia - have cleared

up. good.

Poor Mother Bird  
so much to worry.  
yesterday Iude  
and George were  
here. I have terrible  
coughing spell.

My temp - down  
99.2. night normal.  
my weight 104½  
lb. Last time some  
one fixed scale to fool.

Excuse me now  
Nearest love to  
you from Iwahiko  
and George
