Dear Agnes

I had a letter from Edith  
she said you had not received  
my letter. I supposed it was  
lost, I think some of my  
letters dont get to the destination  
I sent a little composition  
in the last letter, so if you  
did not get it, it is lost so  
I will write it out again (The Train  
Here we go fast or slow  
according to the stokers firing  
& the trees fly by in the valley  
below, & The scenes we are  
its a picture on the <sup>admiring</sup> mind  
is it not,

---

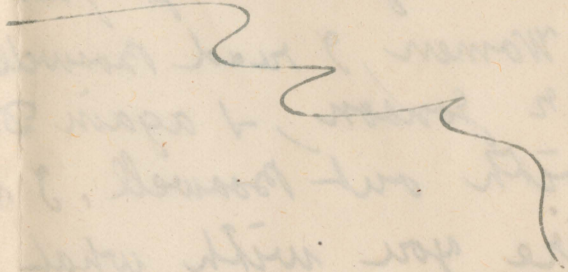

2/ I received your photo  
long ago, + thanked you  
for it, perhaps that letter  
was lost, I hope you are  
keeping well, keep smiling  
The mind will then make you  
happy - because the mind rules  
the body, we have had no  
winter + no snow. aint that  
nice, I should like to read  
some of your writings, I  
should like to come to america  
for a vacation + com & see  
you, but the money is too  
much, its easy thing to say  
I'll go to america. but what  
you have to go through is  
another thing, the doctors  
inspection is Tom foolery + papers  
to fill in + above all the  
customs run by Block  
heads

3) most every body (3  
likes to speak the truth  
but ? every body are Liars  
I am up against managers  
They can't rule themselves  
how can they rule the  
people, in the paper we  
have Canadian soldiers  
murdering our girls +  
one This week going to be hung  
I remember Brooklyn Bridge  
faintly, I like reading books  
especially lives of great men  
+ Women, I read Boswell's on  
Dr Johnson, + again Dr Johnson  
with out Boswell. I musn't  
tire you with what I like  
I like quiet ness. I write to  
Carrie every week, I am sorry  
that you did not get my letter  
as I talked about you father

4) I will you write  
to Edith & say I wrote  
to you, for Edith to send  
the photo of your Daddy  
in a glass a case folds  
up like a book

let me know when  
you get it, from  
your Loving cousin Fred  
Lots of Love to you
