Dear George:

I am delighted to learn that you are the Advisor for Design & Secretary Creator, especially as it brings you and the children to the East Coast where I shall hope to see you more often. I congratulate H.V.D.!

Thanks for the very impressive brochure of your friend Dick Smith. I can see he is a fine designer. He hasn't

called me as yet. If he doesn't
do soon I'll give him a ring.

I wouldn't have enjoyed more
one get-together at the Playboys Club
- that is my part of it - which is
about any speed now-a-days.

So I didn't mind at all your
"rushing off in search of God knows
what" I suppose God also
knows what you found. I hope
you weren't disappointed - but
maybe God was disappointed in
you.

I'm looking forward to the
circumstances of that New Hope idea

of yours! John.
