~~My dear Sweetheart.~~ 19/33

Nice long letter & pictures of Seaside house received. Jiji and I are delighted with them. I will tell you about picture by another letter.

Sweetheart: - you cannot sacrifice so much of yourself. I meant his put \$10 each month aside for yours. You need cloth, shoes, car fares and once of while show for recreation. It is not for short 1/2 year or one but five long years. You must plan little more adjustably. And \$30- you putting aside will take care of georges' and

your insurance. If it is not clear <sup>to you</sup> make it this way as I showed on my business letter. Put \$1500 aside for yourself and for no body else. Know that you pay your interest and premium. Is it clear?

George needs only \$250 + Insurance premium which you have to find from N. Y. L. Company.

Please do not try to save \$250 - by Feb. 1st it can't be did. He has \$300 - to go in sept. And \$150 - I will give him in Nov. So if you give him \$150 - Feb 1st he will have \$300 - Of course including his \$200. then in <sup>later day</sup> May 1st.

give him \$100- But he  
 has to have his \$200- beside  
 we gave \$500. then we have  
 to borrow money to let him  
 have. ~~Do~~ not worry  
 any more about.

Last Sunday George +  
 I went for short ride but  
 we missed you so much.  
 Every thing I looked at  
 reminds me how Agnes  
 and I used to talk  
 when we took cat together.

Wednesday 10.30. Am. Mrs.  
 Takei came helped me  
 dress and took me on  
 her Chrysler Sedan. She  
 took my picture just before  
 I entering into her house.

I meet Mr. Takei  
 and talked only two  
 and ~~was~~

minutes then I went to bed on sleeping porch.

We had a real seven course Japanese dinner, waited <sup>on</sup> ~~us~~ by Mrs. T. & Japanese maid. Oh, I felt like I was in Japan, and like a old Tsunamama Jan!

I find Mr. T is a quiet and reserved gentlemen, deep thinker. He know lots. I liked him very much. We talked nearly two hours. He wanted me to stay for supper in the woods. But I came home 4.30. on her car again.

On the way home

we drove throu. Trudeau  
 stopped at P. O. and met  
 Bill. Then, Peg's corner  
 Bway and home.

She helped me  
 to put me in bed and  
 put my clothings away  
 as if she was my  
 private nurse. They  
 want me to come  
 every Wednesday but  
 I dont know?

Agnes George needs a  
 bath robe like mine, <sup>but not red or strip</sup> Please  
 buy from his fund and  
 also send me a \$300  
 check for George's use  
 for Sept.

Bill went to Keweenaw  
 on Saturday and

Jiji was working full  
days on Friday &  
Sat.

I took castor oil  
today I dont feel  
like write any more  
please excuse me.

Love and Hug  
from Jiji &  
Iwahiko.

Please do not expect  
<sup>letter</sup>  
from me until Sat.  
because tomorrow I  
have to rest +
