

8 River St.

Saranac Lake
N.Y.

Dear Agnes:-

At last I am getting a letter w you. Margaret & I did so enjoy your letter, and had to read it - more than once to realize the extent of your trip. We think it was a wonderful one & I am sure you did enjoy it all. It was so nice of George to give you so much pleasure, and so nice he got so many pictures. It surely was a nice change for both of you, and I am sure a vacation got much fun any one. We saw the granite cross of which you sent us the picture card.

I remembered you mentioned in your letter you hated to leave us that afternoon & was sorry we did not ask you to stay, but I guess we thought you & George had plans next time you must.

Our little park looks very nice with the snow on the evergreens.

For the Carnival the students from high school did some sculpturing in park, and there was a large Christmas tree all lighted, which is still there. So it all looked very nice.

We watched the Carnival parade from our window - Did you know that Mrs. Hollis is staying with her Sampson for the winter? It was impossible for her to stay in her house on account of snow etc.

We are not forcing the winter to Dad

I trust you are keeping well
I had the flu a month ago
also a bad case of lumbago with
much pain & discomfort, and even
now I am shaky as you may
see by my writing. Another sister
was sick at the same time so
Margaret was kept pretty busy with
the two houses, I expected her -
presure we would go up but it did
not & she has kept well,
you all must have had a bad
time with all the snow, we kept
close watch of it in the papers &
on radio. We have about 15 in.
here but the streets & walks are
kept in good condition. We are very
comfortable in our little house &
get some sun all day when it shines

you see at 9 to 2 + then we had to
tend furnace, shovel snow and do
so many hard things, that it seems
so much better here.

We have lovely sunshine here & Gay
& Radio said you have a nice
day in your city. I have been
looking for a coat with a good fur
collar but can't find none & said
to Margaret & would love to get into
the N.Y. Shops. Well now I think
this is about everything for this —
time please pardon my bad writing
and when you find time let us
hear from you.

We both send love and all good
wishes to you & George.

Sincerely — Elizabeth Dullea
