Company office on 42nd St. and these days are pretty hectic for us

Could you come over & have lunch with me some Saturday and lets have a grand-gab fest. I would be so happy to see you.

Now it is 1942 and I am fifty years "young" and I wonder if you will recognize me. Life has'nt been too kind and I have experienced much unhappiness, but thank God I have still retained my sense of humor

If you will drop me a line to 301-42nd St c/o Mrs Gray and let me know when you can make it, I will arrange my plans to suit yours.

Lets anticipate a pleasant reunion and in the meantime much love to you
