

the Constellation. How wonderful to be able to go on one.

Today I feel depressed as we received the news that poor Aunt Carrie had passed on. It is all for the best, but I feel down in the dumps again - A year ago I was happy and never a day blue, but this year has been miserable one -

Thanks again for your kind wishes, will write again soon. Edith

To SOMEONE I'D LIKE TO SEE

Greetings

Dear Agnes: ^{respectfully}

I received the book today -
Thanks very much. You have
been so kind to me that I
cannot thank you enough.
Your card came after I got home
from the hospital so I felt
better.

My throat is getting along
O.K. although I did have a
terrible time. I was in bed a
week after and I broke out
with fever blisters.

I am so glad George is home
and you can now be happy.
I hope your happiness will
go on forever. You deserve it.

It was interesting to hear about

I'd like to be seeing you,

So I could say,

"Hello there-how are you?"

In person, today!

But since that's impossible,

Please let this be

A visit, best wishes,

And greetings from me!

Edith
