

so hard. I hope too that your next case will be easier & that you will deserve the best. I am glad you have such a nice room?

What did you do Thanksgiving?
I was invited to a Mr. & Mrs. Murray who live in Unit #4 so I did not have to go far for which I was thankful for. It was an awful day out doors. I went to the office Friday but I had to ask a neighbor to walk with me for the walking was bad and no taxis.

Kenneth was here as usual Friday and he is just as good as ever. I am glad to forget to see a nice girl and that you love her too.

Best love to you dear Margery

Margery dear:

Your letter of the 19th received. So sorry you worry about me, for I am usually well, but I must say I get tired more quickly than I formerly did. When my day's work is done in the office, I feel pretty well tired out and glad to go home. Last Monday I went to bed at 7:30 P.M. which is unusual for me. I do not go out as much as I did and every body is wondering why I do not come but they forget I am getting old and cannot do as

I used to. Just think I am only two years younger than my mother was when she died. and I go to work every day and do a lot of work too.

Do not think I am angry ever for I am not and you will hear from me when I can write you. I do my own work now since I got the cut and I wash & mend also and you know what little time is over. I know you have the same now since you have taken an apartment

The office is just as un-bearable to me but I try very hard to overcome the feeling. I may be wrong and I hope I am but I do not trust the man who has charge of the payrolls you surely are right. I am hurt but my working days are soon over and then I do not have to care anymore

I just saw the sun go down over the hills of Staten Island. It was pretty, very red and large.

You must have a hard position. I am sorry you have to work
