Yonkers, N.Y.

My dear Mrs. Rockwell:

I was indeed
pained to hear of your taking
your turn in the hospital, ^{and}
hope with the aid of the Suipe
drugs etc, it won't be too
long before you are well again.

I am under the impression
that in pneumonia cases,
the idea is, then give alk
to eat, to fatten you up and
I must say along these lines
