Dear Mrs. Roelrue,

Due to a thunder shower I was unable to attend the Stadium Concert. The musician's stage was completely demolished by a bolt of lightning.

I did have the opportunity of attending a performance of "The Union ~~Miss~~" the play very amusing and I certainly enjoyed myself.

I wish to thank you for the card you sent me and hope that you are having a nice vacation.

Sincerely yours,

Dear Mrs. Rockrise:

Your Christmas card reminded me that I had not written a promised letter, which rather surprised me for I thought I had done so.

This week before Easter I am trying to pay some of my indebtedness.

I am sorry you and George must be so far apart. His Christmas card carried only his signature. Mr. Broten, changed his

I gave him George's address
but he wrote that there was

Dear Cousin Agnes,
I received your nice card thank
you & sorry indeed it contains
such sorrowful news regarding
your health being a very
dangerous complaint to suffer
from, needing a deal of rest, &
fresh air, it good to help you on.
I was surprised Edith did not
tell me I wish they were nearer
to you her & her Mother would
do all they could to make your
life a pleasure. Edith speaks
so well to her Father in her
letters when receiving one from
you, every thing in England is
scarce also dear not even
envelopes can be got, there
seems no end of the war,
I feel quite well in myself
setting, no pain but walking

it for 3 days. I made the dressing
of head chunks, celery, onion,
green pepper and mushrooms.
Mushrooms are rather expensive
but it helped to stretch the
meat so it was well worth it.

Late this afternoon, it started
to snow, then hail, & finally rain.
It's just plain miserable out so
I'm going to do some ironing.

Hope we can see you the
next time we come to B'klyn.

Dear Aunt Millie:

What's new at 1435? And
how's everyone?

I believe I wrote and told
you about Joe's accident. Well,
he's O. K. now and Loreine and
I are fine.

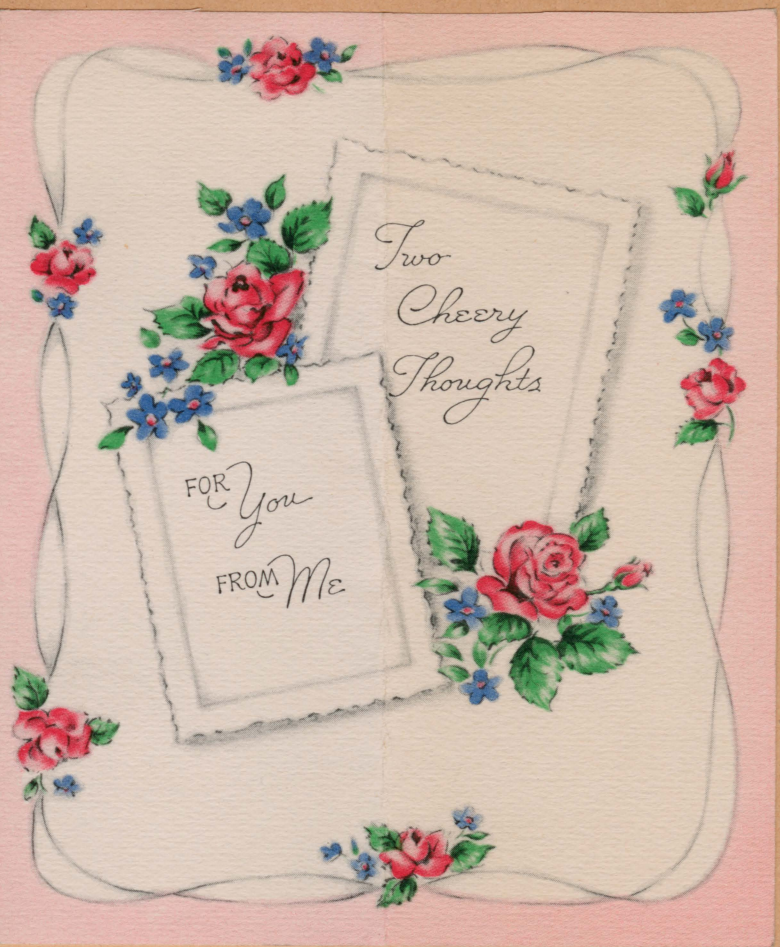

I don't know where the time
goes but I don't seem to have
so much time for correspondence
as I thought I'd have when

I quit working. I am crocheting
 a scarf for a library table for
 my mother and now and then
 I'm crocheting edges for hankies—
 for our church bazaar in the
 fall. Yes, we are having another.
 It seems that \$1400 was so
 good that now our club is
 aiming for \$2000. If we can
 keep up that pace, we shall
 have that new church at 65th St.
 How are you doing on

Saturday morn

Dear Aunt Agnes,

I received your lovely letter of Feb. 28 yesterday, and I have this whole Saturday morning to answer it - it's such a relief to have a free morning with no school.

I'm glad you liked the graduation picture. You see, we had pictures taken for our year book at school, and also were able to have some taken in a cap and gown, if we wanted them. Thus, I have it a bit previously. The gowns are white, not grey. I'm glad

2.- we have the white - I think they're so attractive.

I'm really not terribly busy at school you see, I have 3 periods of art, which is no work at all, and only history and English for homework.

Att and Steve have been writing quite regularly - Steve a bit more often than Ott. Otto is in Burma, and Steve is still in India. Brother has sent quite a few photos, and very interesting ones, too. Snake charmers, Hindu funeral pyres, pagodas - all as real as though we were there.

Dear Agnes:

It was good to hear from you when your Christmas card was forwarded here from Washington. I have very often thought of you and George, but I admit I have been silent far too long. I seem to be terrible as a correspondent.

I had a nice long letter from you telling me of your new work and I fully intended to write you long ago. I am ashamed of myself for not doing so.

Well - I am back in my office again, having resigned from the W.P.B. last summer in response to an urgent call from my partner, Jerry Holmes. He had been awarded a N.Y. State Postwar Project (Girls' Reformatory group at Bedford Hills) and there was no one to take charge as Holmes is working as asst architect of the Board of Education and my other present partner, C. J. White, got himself appointed N.Y. State Architect.

Grade A Per 3

Use the other side of this sheet for comments. DO NOT WRITE ABOUT MONEY MATTERS ON THIS SHEET.

Name Mrs. Agnes A. Rockrise

Reg. Number 3611

1. Would you say that Specimen 11 shows suppressed emotions? yes.

Why do you make this statement? Because "m" and "n" strokes are crowded, etc. (heavy, misty) and retraced -

2. Studying the same Specimen as above, what do you say about the emotional expression? By slant, I know this is an intensely emotional person, but despite whatever visible sign there may be, there is or are some emotions which are hidden or suppressed because of the point on the "u" when retraced, and the downstroke of "a" being so long to body of letter.

3. Explain in your own words what a vertical but heavy writing indicates. That judgment ruler, but because of heavy strokes, deep emotions are present beneath the surface, but are kept in control, unless some unexpected crisis might arise - and emotions so long pent up and bridled, burst their bonds, and over ruler cool judgment utterly for time being.

4. What is the value of a scrap-book of handwriting specimens? Several advantages of checking many specimens and keep them on file for reference and comparison -

5. Study Specimen Number 12 and then in the five following lines give your best estimate of the character. Do not flatter nor condemn but give frank opinions Person is not extremely expressive, but judging by many closed vowels and "s", and heavy "t" besides the pointed retraced second stroke of "m" and "n" we know deep turbulent emotions exist and worse still, are suppressed, and at any time, given sufficient emotional cause, may erupt all before it, even to disaster.
Judgment.

Your next lesson will give you something of the romantic history of Grapho-Analysis. Many people will ask you about this, and you will find it interesting. In addition, the next lesson has two problems which you will be asked to solve after you have studied some of the new rules that will be given.
