

UNITED STATES ARMY

14 April 51

Dear Ed —

I wish to take this opportunity to thank the group for the New Testaments I received. It is quite gratifying to attend chapel services here where the attendance is very large with boys from all parts of this country.

We are going into our fifth week of our six weeks infantry basic training. It will consist of the one week bivouac. Most of us are destined to go into the artillery after our training here.

How has the YP been progressing?
Heard there was a conference a few
weeks ago. How was it?

Will be having inspection in about
a half an hour so will close for now.

Thanks again for the New Testaments.

Sincerely,
Jim
