Miss Ann Burgess, Librarian,
Inyo County Free Library,
Independence, California.

Dear Miss Burgess:

Mr. Ray Bush, Superintendent of the Blackfoot Indian Agency, Brooming, Montana, is being sent to Mammoth as supervisor of recreational activities, etc. and stopped in to see me, as he had heard I was greatly interested in seeing a library started at Mammoth. A good many of the Japanese students who for the last three years have used the Bureau of International Relations Library for their studies, had spoken to me about the possibility of my coming down to start such a library for them. My time is limited, I do have a month's vacation, but due to the increased work in the field of international relations, I will have to take up vacation in two week spells, and that gives me even less time. However, I suggested to Mr. Bush that he get in touch with you, and discuss the possibilities of a county branch at Mammoth, as I felt sure you could give him all the information necessary. He suggested that I drive down with him during my vacation and see the lay of the land. I would be very glad to do this, and if by the time we get down there we might have some definite plan, I would be more than delighted to help out with the physical and clerical work or whatever you would feel me capable of doing.

Will you let me know what you think of the possibility of starting a county branch at Mammoth, or whatever plan which you might have in mind?

Sincerely yours,
H. P. Young
Hildegard Miller, Librarian
