Dear Miss Margess:

Miss Elthen Warren has mentioned you in one of her letters to me - and I would like to offer you my services in any way I can help in your servicing of the Library at Manzanar.

I wish Rev. Fred Justice of the L.A. Church Federation were responsible for the 7000 book library they now have.

Have you any plans for servicing the coming school season?

I would be glad to know - I have also contacted Lucy Adams - and the U.S. Office of Education -

Sincerely

Paul Junke
