

concerned japanese americans

June 22, 1981

Dear Friends,

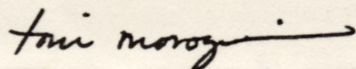

Concerned Japanese Americans has recently sent a letter to the Commission on Wartime Relocation and Internment of Civilians seeking a hearing of the Study Commission in New York City. Enclosed is a copy of the letter for your information.

Concerned Japanese Americans would like to encourage your organization, along with all interested individuals, to submit additional letters to the Commissioners in order to more effectively impress upon them the interest and support for such a hearing. We would also encourage anyone interested in testifying at a New York hearing to contact CJA or inform the Commission without delay.

We will be sending out a news bulletin in the very near future to give further details of our efforts and our plans for the upcoming period.

We would most welcome a letter or call giving us your input and feedback.

Sincerely,

Toni Morozumi for  
Concerned Japanese Americans
