

EAST COAST JAPANESE AMERICANS FOR REDRESS

December 4, 1981

Dear Sasha,

A letter of appreciation and gratitude to all of you who have given your support, effort and time to make the Commission on Wartime Relocation and Internment of Civilians' New York hearings possible.

During the Thanksgiving week, we had the chance to reflect on the hearing. Looking back, the formation of the East Coast Japanese Americans for Redress and all of the events leading up to and culminating in the hearing represent a significant step towards unifying our community. This unity is essential to our ability to win Redress/Reparations.

This was a common effort. So much was accomplished in a short time. We were able to share ideas and expend the tremendous energy and creativity existing within our community. The success of the New York hearing belongs to us all.

We have learned much about working together in the past months, and we can be proud of our achievements. Looking forward, we should all continue to support the efforts towards Redress/Reparations.

We wanted to take this moment to thank everyone for his and her involvement.

Sincerely,

*Sasha Honri*
