

EAST COAST JAPANESE AMERICANS FOR REDRESS

We have good news. New York has been included as one of the cities where the Commission on Wartime Relocation and Internment of Civilians will hold a meeting. Through the intensive efforts on the part of members of the Japanese American community and other supporters who signed petitions and wrote letters, the Commission has agreed to hold a hearing in New York City in mid November.

The East Coast Japanese Americans for Redress is a coalition of New York area Japanese American organizations. We would like you to join us. This is a common cause affecting all Japanese Americans. The hearing provides an opportunity to seek justice and raise the question of human rights, and to unify the Japanese American community.

We wish to make certain that every Japanese American on the Eastern Seaboard is aware of the hearings and has the opportunity to participate. Testimony is important. A sense of community is of equal importance.

PLEASE JOIN WITH US

1. Be a part of the coalition.
2. Reach out to other Nikkei who might not be affiliated with a group.
3. Contribute what you can to help defray the costs of the hearings.

The New York Japanese American community has been dispersed, but for this one most vital issue, we must unite and make ourselves heard. We need your support.
