Yuri -

Not only was your gift an unexpected surprise but a reminder too of your "Astorish" taste. It's an honor to be even remembered without the gift. Honestly, you shouldn't have done it. But I'm glad you did. It gave me the chance to recall all the pleasant experiences we went through together - with and without the C.L.'s aid. Thought of your last natal day gift when I was on top of the world's highest Empire State. I wish I could write all that went thru my mind as I gazed down from up there. But if I attempted to do so, it would sound flat and sentimental - the latter a quality which soldiers are not supposed to feel. Better yet, I'm going to say "Thanks" Yuri, before I tangent further off.

Sincerely,
Yoshito
