on Your *First* Anniversary

Sincere Congratulations!
On your First Anniversary Day
That marks the end of another year
Along your happy way!

And as you start another year
Here's hoping it will hold
As much, or more real joy for you
As any of the old!

Hi! Dick!

Best wishes of the day, and
lots of good luck during the
coming months.

Guess where I'm writing
this (no yuri! not in the bathroom)
I'm awaiting the first curtain on
"Theresa". By which I escaped an
evening with upstairs. I had just
made up my mind about going
when they came in and so didn't
have much time. I'm afraid I'm
not as clever, even with your help
yuri, to be able to escape tomorrow's
breakfast. Alas! Grr, I did some
pranking in M.G.H. - Congratulations
Wak.
