Denver 5, Colorado

Thursday

Yuri dear,

Just a few lines to let you know that Kaz and I are fine and we have been here, in Denver for three months. We are working in the dietary department, at St. Luke's hospital. We are finding our work very interesting and we enjoy working among our fellow-workers. We feel very thankful and fortunate to be able to live ~~more~~ a normal life again. Alice ^{Yonkers} is staying in the same apartment house with us.

We see Rosie often here, in Denver too.

I feel very happy to say that
dad was paroled back to our
family in February.

We are sending you coffee
and we hope you will enjoy it.

So until again, I'm hoping
this letter will find you and
your family in "pink" of condition.

As ever,

Miko Okada
