My dear Miss Tomato:

I was sorry in the many things I had to get done before I left Brussels - not to have seen you before I left.

I wanted you to know what pleasure I had in knowing you and the very nice Trip

We had together to Manzanar.  
Miss Oliver came here on  
business - similar to ours there,  
the day after I arrived and  
was so surprised to find me  
here to stay. She asked about  
you and we had a nice  
visit.

I saw Roy the week before I  
came here and he asked  
to be remembered to you  
when I saw you - but this  
will have to suffice.

I should like to know if you  
are relocating soon and  
hope that as time passes  
that we shall not lose  
Trace of each other.

Many thanks for making  
my stay at Anasche so  
pleasant.

Most Sincerely

Alma K. Tada
