Dearest Yuri,

Just got news of your loss - of your father. I'm so sorry and my deepest sympathies. Gladys had told me of his being ill, but she said that he was so much better. I know you'll miss him a lot - and so also everyone - for he must have been a grand father to have such grand children!

It's probably true that I haven't as yet thanked you for your letter, souvenirs etc which you so kindly sent me through Gladys. I know that you've been busy - knowing you since Cal days - and that whatever you do, you put your heart and soul into it. Social service work among Relocation Center people must be very important. People are under such suppressed environment and away from the realities of normal life. You probably get a lot of very interesting cases. From my one

experience of Lopez - 15 days - I
can appreciate the tremendous
work you must have.

I'm in the throes of classes,
research, holiday season, and
winter. It's funny but I've done
more house-keeping since leaving
home, too. My work is coming -
but slowly. After leaving Berkeley,
I hadn't had any teaching
work actually, but now I'm almost
assisting in lab. - it's good to
back into the stimulating environ-
ment of students.

Kim + Masa are here now - and
it's swell for me. They live a
bit far out, but I see them
several times a month. Both are
well situated and loving their
work. The lack of auto and the
crowded "city" seems to bother
them more than anything.

Please write me when you
have time, Yuri. I'll write
you of my hectic life here, too.
Please give my love to everyone.
Thinking of you all -

Fondly,

Sammy.
