Happy  
New Year

Dec. 21-43.  
Berkeley, Calif

Dear Miss Dando:

It was very good to get your note, & hear about you, & other Japanese girls. I hope so much that you may achieve both relocation and further study soon.

As regards positions in the East, you might do well to register with the

Social Work Vocational  
Bureau

122 East 27<sup>th</sup> St  
New York, N. Y.

The director is Miss Louise Odenerantz.

The area a "gray" agency, but the charges are not unreasonable, and they have wide contacts in the East.

They will gather all your references, & send them out, etc. you might at least ask for information.

When I do know some of the schools of Social Work have quite substantial scholarships or even fellowships - & you

know we will give you fine references!

One of the many things that troubles me about this Japanese (American) situation is that we are looking for the services of such people as yourself.

Since jobs out here do not seem very promising <sup>I have no very</sup> close contacts - <sup>in the city, we can suggest much in jobs,</sup> but we do have some with the schools - & will surely use them.

~~The~~ <sup>netto</sup> Mrs. Shelton of the U.S. Employment just telephoned, so I asked her about openings. She said there might be some in the Rocky Mountain States - & said to tell you she would like to have you renew your registration, if you would - i.e. bring up up to date. (Her address is 1696 Mission St.)

The school here is smaller, but with three terms a year we keep up the number who finish - & we have a nice group of second year students.

Some day you'll be back here, & we'll get caught up. I may be able to make a trip East next summer, so be sure to let me know where you are. I'd love to see you.

My best new year's wishes, in which the staff & Mrs. Bennison would join me, I know! affectionately Jane Shaw Ward
