My dear Yuki:

What a lovely card
you sent to me - and I
was interested to see
what beautiful work is done
on the project - it is very
professional, isn't it?

But best of all, was hearing
from you - I am sure you
must have been making a
very great contribution to
the people at Amache - hard
as it has necessarily been - I
hope the time will not be long
before you will be back here -
telling us something

about it! -
I do think your library should
have the news in the Bay Region -
do you get "Daily Cal" - and
the Alumni Monthly? - as
well as Sunday Chronicle?
I do think your library should
have them - Both have
carried articles, frequently,
about the Japanese concen-
tration, relocation, custody - etc -
and you should all know
how many of us

Best Wishes for

Christmas

and the New Year

in California are, to combat
the reactionary and
miserable forces who
have made havoc with
this whole matter - you
must remind yourself -
and others, - every day -
that there are strong and
powerful good forces -
and that we are all

writing to make things
come out right -

I do hope you will soon
be on your way to whatever
next step seems to be
the right one - New York is in-
deed attractive - and I
stupidly think you would find
a spot there to do some-
thing quite fascinating -

Be sure to let me hear -
I have some friends who
would want to know you -

I am staying in Berkeley,
partly because of the gasoline
problem - at Miss Ward's -
and she feels so warmly
and highly of you - She thinks
you are "top" - as a person
and as a social worker! -
and of course I know you are!
Very very best wishes to
you - Always sincerely -
Alice Hoyt -
