Dear Yvri -

I've been trying for
ages to find out your
whereabouts & finally
M. M. C. Cain gave me your
address.

I can't remember where
we left off in our last
correspondence but our
position can very easily
be resumed up. Oh it still

a civilian working for the
Civil Service Command here
in Ogdun. He is in charge
of the civilian personnel
dept. at the air field here.

I have been working
since Nov. as a model at a
wooden mill & doing a
little general office work
too.

It is all quite a joke on
my basis because we are
expecting a little C-4 in July
but as yet they don't know
about it.

C-4 is deferred until May
so I guess I'll go back to
Oakland then.

Don't know how much
of the grapevine news you
know but here is some
that may be news to you.

Auth Birt is in Ogdun
working at Travelers Aid I
think. Her husband is in
England.

June Bis. is back in Oakland

+ has a baby girl, Gael born last Oct. She lived in Salt Lake until last June + we used to have lots of fun.

Dot Ewing + M. Guild both still working for Red Cross in Calif. in Hospitals. They both are crazy about their work.

That's all I can remember now. Do write + let me know what you are doing + have been doing

Love

Thelma
