Dear Yuri:

Saturday night

See the days goes by so fast, that I just can't keep up with my correspondence.

Thanks a lot for your long letter.

I wish that I could find enough things to fill a half of what you wrote.

Well I am glad to hear you found something that you could do, before you decide your future. My suggestion is that I think you know best. I haven't been out so I do not know what one is needed for a job like yours, and rather it would worth your effort and money to go back to school. I do not know how much you can study too. After all you have been out of school for sometime. Well do what you think is best for you.

Tonight is 9th Talent show so I have went out with Obasan to see it. I am hoping she is enjoying it. I guess I must stay up until she comes back and that is some good hours of waiting.

Thanks a lot for getting the material. Sorry I had to rush you but I borrowed the block machine and so wanted to sew as much as I can for the summer.

I sure got plenty done, but now I must complete them so that I could wear and finish them.

This year, we are sure having cold weather for the month June. Sometimes it is quite cold. We had very few hot weather.

Min has been home twice to get some men for help. At first I thought he wasn't going to be able to get them as they few and seasonal leaves are not so easy to get, but, by luck they were crew of men turned down so he got them. I sure was glad about it.

The wages are all set too, so they can't fuss around too much. On seasonal you can't come in until your six month is past even if your work is finished.

Pretty soon we are going to see new faces. Jerome bunch. I am getting sort of tired seeing ~~new~~ old faces at the mess hall.

Donna started her injection, but it hasn't ~~do~~ done any good as she caught a cold so she didn't go down

for couple of weeks. I guess I will have
to start all over again. Otherwise she is
okay.

I heard from Kan sometime ago, but today
I went down to see Sally and she told me
Kan's out of job again. She was quite
discouraged. She sure wants to go out because
she doesn't have any help and besides
the family that is helping her out a lot
are going to relocate.

It is so hard to write about
nothing. When you try to write well
there isn't anything you could write
about, maybe it is because I do not know
anybody you do and the persons that
are working Oh well. Just a line saying
we are okay.

Monday.

Dear Yuri:

No doubt you have been waiting to hear from me real soon. I have started to write Thursday night, but I got a wind about Bon Odori so I had to take her every night. Last night was the last night.

I am glad you have taken the step I hope you would do. After all career is all right for a while, but later on in years I am sure you will regret it if you didn't get married. It is good as any.

As to what kind I should say. Type of wedding I think it is all up to you. As to the announce-

ment, why not just make it informal by ^{you write a} ~~not~~ letter putting in anything about Dick or Stan after ~~telling about it~~ ^{you refer to your own improvement} ~~you~~ haven't any parent left. As to who

you should mail the invitation, I think it is not necessary to announce to the bunch.

I should say my list would be, Mrs Mrs Senda, Mory, 10H-4F, Fujio, and maybe to Dick or somebody in the family. Like Alice folks have Dick tell them or you could send one to them. If I were you I won't send to many out what do you think? Just your closest friends.

Does Wak okay the idea of three living together? She may not like it, but as you say she could come if she wants to.

Maybe you will have your sister Son there too. You may have heard, but she is going to relocate to East Brooke Farm in N. J. real soon maybe she has left already. I received a letter from her yesterday.

Stashed I could be there, but that is out of question, so I think if you and Wak and Dick talked it over, I think it will be okay.

Today I went to see Sally, but I gather you
haven't written to her so I just didn't mention
anything about it.

I have mentioned it to folks I didn't say
when, but I thought I better tell them
a little ahead. I hope you don't mind.

Miki has changed since her friends
has left she is so quiet and best. I
haven't been down there for a while because
of the heat I hope Kan will be able to call
her out real soon before Kanego starts to
walk too much. He is walking now but
I still think Miki has the it over Kanego,
but Donna beats them all of the cousins?
Ha! Ha! Donna sure has nice personality.
Takes after me. Swallow that down with
good * * * * *

I must write a letter to Wak
too so I am closing now.

^{Sok.}
P.S. About schooling I will leave it up to
you and Dick, but if you are planning family
don't wait too long. It is going to be harder for you!

Yours
