My dear Yvonne —

I was thrilled with your
card, note and darling
gift. It's already in use on
the desk-top cupboards in
the dinette. More than
that I'm so glad to know
you are out of Anushe
and I sincerely wish you
and your sister every thing
good — and much happiness.
Boston is sort of staid and
dull but it's interesting here.
What kind of work are
you doing. I don't think you
will find much prejudice
except in isolated instances
and you can well overcome

that with your personality.
You are going to do very
well.

I should like to hear from
you when you have time.

Most Sincerely
Thea and Roy
Catherwood
