Dear Yuri,

Received your letter day before yesterday and your telegram today. Sorry our days don't seem to click at all. I can't possibly change my time off; cause one of my main Kitchen dietitians is leaving on the 15th; so I'll just have to be there. Perhaps we can get together after you come to New York.

Got the surprise of my life when Kenji Fujii called me up today. We went out to dinner + to a show tonight + I just got back. He's the same old Ken, crazier than a loon. Says he's been staying with your brother Ken for almost a week now. He had his car; so it was quite a luxury, seeing Broadway in a private car.

When do you suppose you'll be here? I wish it was this coming week when I have so much time on my hands. But even on work days I'm always thro by 3:30 or 4:00 P.M., so I can see you.

Good luck in your orals. So sorry you're so busy this week during my least busy week, but there'll be other days.
Love, Tak.
