Monday—

Darling

Was worried about you all day. I 'phoned the Dispensary around 6:30 tonight but apparently the switchboard operator went home. No one answered my ringing.

Hope all is well.

Found out tonight:— my course ends on Sept. 25. : a rev. Bennett is the minister at the church— no sign of Noren anyplace.

I'm tired now but very, very happy, darling. In fact I've been this way all day.

Walked all the way home— stopped to eat breakfast at Waldorf's— didn't want to come in too early and wake up the whole house. Slept until noon and napped all afternoon.

Sweet heart, you make me so dammed happy—

Sood mite,

Ulick.

P.S. The letter was given to Fumio— Wash  
am staying in tonight.. will be around Wed.
