Darling,

Please do not worry so especially things about your husband. He is going on about the job hunt in a leisurely way if not hibernous. Why yesterday I answered a want ad in the Times for a clerk in a steel shop and got the job. It offered \$30.00 a week flat no raise and overtime - no future. So I left a wedge to call back but I'm turning it down.

Today I shall go to U.S.T.S. I haven't even touched the movie yet because I could always resort to it.

And honey, if you feel like it you can come down anytime you like. I'll pay transportation and all, so if you would come down anytime, you just hop on the N.Y.N.H.R.R.
So, to answer your question which kept you up darling.

"11 Iron Age. Please hold them. I dropped a card asking for delivery here in due time I shall be getting them here.

"12 Blue Cross. I'll go into town and send a bank check to pay up until the end of the year for both of us. Also inquire into the matter of transfer of office to N.Y..

"13 Curtains. Sally is working on the curtains for 3rd floor.

"14 3rd floor. Then and I went up to 3rd floor last night and made sketch plans for 3rd floor. It included

pushing out walls, enlarging windows and stuff.
It will be ready for me comes Fall in me form or
another. Nothing done so far on them.

15) My feet used to get dog tired walking a few
hours on pavement but got quite used to it now.
Calcaneal muscles do not pull so much. Ankle much
better - almost all well.

16) Jining - Got a ship for Europe but taken off
next day - VE day. ~~then~~ went back to Madeira, next
went to Pacific. Going to the Phillipines. Not named.
Didn't say who but hate to guess because I
know him too well.

17) Jangji - met Nan and said he was going
west. On his way already. Destination unknown.

18) The Hide - very quiet (nearly) now. Anyo is pounding
a nail into their masonite table. Mike is playing
with her purse which contains her mirror brush
and comb. Sally is all over the place.

19) Board & Lodging. I gave Nan & Sally \$40⁰⁰ per
but they refused to take it. Want to settle at 25⁰⁰
until later. I refused that. The poor \$15⁰⁰ is
an orphan.

20) Dick - Very lonesome for his wife. I wear pajamas too.
~~heh.~~
