Thursday 12:15 ^{APR.} PM.

Darling.

I grabbed your letter as I left the house with the snows and was with them until 11:00 P.M. Couldn't read your letter carefully but alone try to send you a letter or telegraph, giving you my address.

It is 393 6th Ave - Village Cooperative - called Village because it is located in Greenwich Village. I don't know the telephone at the moment.

Darling, since the holidays I haven't had much time to myself and haven't written as I wanted to - haven't been going to bed until past 12 midnight some and am pretty sleepy.

So please excuse me darling for tonight and let me close with a goodnite hug and kiss - I'm hoping you can come here and welcome me tomorrow night.

With all my love
Duch

P.S. Took in basketball game lasted from 1:30 to 6:30 P.M. Had Swedish dinner and saw Chvátov -
