

STATION

Mrs. Yumbo Tshada  
13 Parkman St  
Boston 14, Mass.

Tuesday 11 PM.

Honey.

Went to bed real early last nite -  
was a devil of a hot day (95 humidity)  
and was pretty pooped out.

Hope you got back per schedule.  
Was mighty happy to be with you but  
you went off too soon to be able to  
give ourselves any time to relax.

Nothing much going on here. It's  
been raining intermittently today and  
we had rush hours between the  
rains.

Masas wrote a couple of times  
and seems busy taking in spots around  
Washington. I must write to him  
tomite.

He worked late last nite and  
tonite. He missed N. N. stop on the  
way back last nite because he dozed  
and went one station beyond but got

lab without much loss of time

Poor still as us - two beds  
stuck together and all.

Bout all for now. The damned  
pen started to scratch and is very  
hard to write.

Am working this Thursday.

Found out that I got to join a  
union \$10<sup>00</sup> initiation fee and 3.00  
a month dues - what a racket!

Am sleepy now but have a few  
more things to do - Goodnite honey

Rich.
