Wednesday 9:10

Darling,

I lost 24 hours in getting to read your previous letter because I came in about 2 AM and left for work too early for Sally to give it to me.

Masao and his buddies went back Sunday nite but just long enough to get a three day pass. They came yesterday, so, we ate at Sugehio and took in the Pochettes - hence the cause of being up so late.

Today they are roaming about the city.

We've the two beds pushed together and three of us are sleeping on it.

Today Wed. I reported to work and found out that the mgr. forgot to let me know about it. I stayed there until 11:30. Went downtown, ate and

01: P
roamed around the central Ph zoo.
Did some shopping at Miyako grocery
and came home - bought four (last
week) lacquered toulion soup bowls
with cover.

Kaw is still here and intends to
go back about the week-end.

Honey, by the week-end, I'll send
you \$100.00 and hope that the amount
is sufficient to cover remaining expenses
I hope you do not mind the fact that
I loaned the sum from Ito's act, as
my expenses been running pretty heavy
the past few weeks. Ito already, long
ago gave me and Masao the permission
to use the money in emergencies. So,
please, do not feel at all afraid to
use it, and I hope you aren't angry
with me for doing this without consulting
you about it first.

Darling, what a terrible tragedy to
fall upon a couple so young and so far
away from help and guidance! Do

take all the time you need to make
I comfortable, as for D I have nothing
but contempt - not so much for what
had happened as for his despicable
attitude under the circumstance.

See darling. I wish I were with
you to share your joy over the grand
news. I'd like to grab you into my
arms, kiss you and say. "Good going, kid!"

Kare saw Tak a few days ago and he
was told that Tak is canceling the trip
because her vacation ~~is~~ ^{is} over this
week.

I received the bond, the ~~+~~ also with
the letter.

Honey, were sleeping thru in bed and
very awfully. I rebored very well and kept
to the cover. However I can say that it
wasn't too restful. See darling I miss
you very much and only the fact that
it is now only the matter of days between
us that makes these cold, lonely days and
nights so endurable.

Darling, I miss you.

Uick

Honey it is no longer necessary to
notify the change of address (official from
N.R.A.) but I'll do it right away.
