Sunday — A.M.

Dear Yuro,

I am writing this letter from La Salle St. Station while waiting for Son's train to come in, which is due around 1 o'clock. They are supposed to leave again at 3:30 so that there will be little time in between.

In regard to the announcement it will be O.K. to place my name on the papa line if Dick and others feel that it would be better, but where it is very doubtful if I can be in attendance in person I've wonder'd how it would seem. However do it whichever way you prefer.

It appears as tho you will be able to get what I've wanted in the other extreme. "Just family and real close friends" and not a show crowd. Let me know when you've set the date and I'll do my darndest, but as explained in previous letter, very much doubt it.

Kings has been spending her vacation with us helping Alice and taking care of her mother, but she will be leaving next Monday or Tuesday so that it will mean quite an extra load for Alice. "Jean pa" is now working at the greenhouses also. They are occupying the other apartment.

He was "Kon ori san" for over a month until Gran ma
came home but he says it lots easier working atah
taking care of kids.

will have to close now.

with love to you + Wak
much.
