Dear Dear I have been very
remiss in not writing earlier
please convey to your sister my
apologies for delay & my thanks
for her kind hospitality & the

privilege of seeing you married

my dear love to you both &
may you be spared a life time

to enjoy each other

True love is the only safe guard
these troublesome times

now, Mr Barstow wants to

know if you will call her up
as she wants to get together with

you, say for a lunch before you
return to the B D either Thursday

Friday or Saturday, she wants to talk
with you or preferably not in here
I will not take time for more
news now see you Monday

My very best to your sister
or your husband & to you my dear
from always your sincere friend
Mollie Watson

How did you like New Hampshire
