Well: at least you are enjoying California & old friends & family
 We are having lots of rain & wonder how the season does in between
 beautiful. I went to (George Washington) celebration - 5 Battery & Washington Park. Very nice.

Have good times in California.

Getting old is hell. I must think of myself & work now as my own years are getting numbered. Only this month I am back in shape to get into action. Up to now patient & rest well. I threw out all medication. So many requests for free & visitors so not to stop it.
