Call Mind

Dear You: Hope 1990 will be a good year for you & boys.

The final integrity answers have come to my long research in painting and I will be launching out in 1990.

1989 was the most negative year of my life with sickness, accidents and death of dear ones. all made me turn inward and to Mine to finish up only the important.

My generation gone, values all shot and the world gone to pot but one must carry on in hope because the challenge always lie in the impossible. I am fighting on.

A merry Christmas and a Happy New Year.

Now freed with corrections. What a year! My best
Mine O'Kato
